OBJECTIVES: To Construct clean healthy and hygienic India

VISION

- To educate the students about their environment.
- To create a clean and green consciousness among students through various innovative methods.
- To mobilize students towards scientific enquiry into environmental problem.
- To involve them in efforts to preserve environment.
- To motivate students how to imbibe habits and life style for minimum waste generation.

MISSION

The mission of Eco club is to become responsible, well trained and socially committed professionals who will respect the richness of our nature, diversity of culture and through continuous professional development make significant contribution to a sustainable and eco-friendly build environment.

- To create awareness among the students to Reduce, Reuse, Recycle.
- To inculcate proper attitude about environment and its conservation through action-based programmes
- To enhance students' participation and responsibilities in conservation of the environment

- To implement efficient solid waste management in the college
- To create awareness among the students to reduce the use of plastic in the community.
